DevelopmentAid offers a comprehensive range of tools to help you find procurement notices, grants, and more – with **850+ funding sources** to search through.

Key Features

- Procurement Notices
- Grants Database
- Latest Opportunities via API Integration
- Funding Alerts
- Advanced Search Engine

Additional Benefits

- Receive real-time updates directly to your email.

- Export tenders, grants, organizations and awards in detailed **Excel** reports

- Easy access to all documents shared by the contracting authority.

Advanced Search Filters

- **Complex keyword search** across tender titles, descriptions, and documents.

- **Sector and location filters** to target your specific areas of expertise.

- **Opportunity types** – from consulting services to goods and works.

- **Contracting authority and funding agency** identification for better targeting.

- **Full project lifecycle coverage** – from early intelligence to published contract awards.

- **Eligibility criteria** clearly outlined to save time and ensure compliance.

- **Language and budget filters** for precise, relevant results.

Funding Landscape Mapping

- **Country Strategy Papers (CSPs):** Learn about donor investment plans and priorities. CSPs outline development objectives, ensuring alignment with long-term strategies and informing decisions on upcoming business opportunities.

- **Procurement Guidelines:** Learn the requirements of donors for successful proposals.

- **Country Eligibility Search Engine:** Quickly determine your eligibility for various opportunities.

Due Diligence Tools:
Sanctioned Firms and Individuals

Mitigate risk with comprehensive sanctioned database access

Ensure your partnerships are compliant by checking for their presence on the Sanctioned Firms and Individuals List. Avoid hiring blacklisted entities and reduce risks in your consortium-building process.

How It Works

Verify organizations to ensure they are not listed as debarred or sanctioned.

Cross-reference individuals against the global blacklist to avoid hiring disqualified consultants.

Donors cross-reference debarment decisions, preventing sanctioned entities from bidding on projects funded by various donors.

If a donor discovers an allegation of misconduct such as corruption, fraud, or coercive or collusive practices, the implicated firm or individual will be debarred. This debarment may be enforced across multiple donors, ensuring non-compliance prevents access to future opportunities.

Organizations	Location	Donor	Start date	End date	Grounds
HUNAN XIANGGE CONSTRUCTION GROUP HANGU CONSTRUCTION ENGINEERING CO., LTD	China	WB	May 16, 2025	Nov 19, 2029	Controlled Affiliate of a Sanctioned Entity.
HUNAN YIHAHA CONSTRUCTION CO., LTD	China	WB	May 16, 2025	Nov 19, 2029	Controlled Affiliate of a Sanctioned Entity.
HUNAN ZHIANGA CONSTRUCTION GROUP CORPORATION, LTD	China	WB	May 16, 2025	Nov 19, 2029	Corrupt, Fraudulent, and Obstructive Practices
JINQUANG XIANHAO WATER CONSERVANCY CONSTRUCTION AND INSTALLATION ENGINEERING 2	China	WB	May 15, 2025	Jul 14, 2026	Fraudulent
JIFANG ZHENYU GLOBAL TRADING CO., LTD	China	WB	May 7, 2025	Nov 6, 2026	Fraudulent Practices

In 2010, the **World Bank, Inter-American Development Bank, African Development Bank, European Bank** for **Reconstruction and Development,** and **Asian Development Bank** signed an agreement on the **mutual enforcement of debarments.**

Donors can share information on debarred companies and individuals, often resulting in cross-debarment by other donors.

Award Database: Find the right partners and analyze competition

Use past success to build future opportunities

Access an extensive **Awards Database** with over **460,000+** records to connect organizations with their past projects. Discover leading organizations in specific sectors, identify the best consortium partners with relevant experience, and gain insights into the competitive landscape within your field.

Key Features:

Identify top-performing organizations in various sectors.

Find the best partners with specific expertise and specialization.

Easily discover potential subcontractors for your projects.

Promote your organization as a potential partner or sub-contractor to expand opportunities.

Geographical spread of awards

The Awards Database offers a global perspective, enabling you to analyze project awards by region, country, or sector, helping you identify trends and target regions where there are ample opportunities.
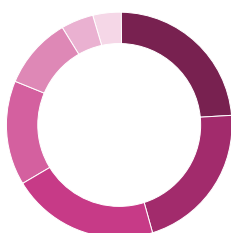

23% Asia
22% EU 27
21% Africa
15% non EU 27
10% Latin America and Caribbean
5% Oceania
4% North America

International Organization's Database

## Join a global network of over 420,000 registered organizations

Register your organization to enhance its visibility and connect with key stakeholders within the sector.

Information you can publish:

- Share information about your organization, including countries, donors, and sectors you work in.
- Ensure easy access for potential partners and clients.
- Upload brochures, logos, and other relevant marketing materials.
- Showcase your organization's past projects and achievements.

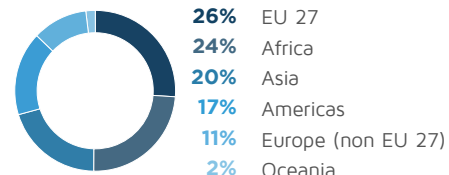

What you can do with your profile:

- **Edit, manage, and update** your profile independently, ensuring it reflects the most current information.
- **Increase your presence** within the sector.
- **Manage Job Postings:** Post, update, and manage job listings on your own.
- **Store expired job postings** for easy reposting and future management.
- **Discover other organizations** and explore potential collaborations.
- **Track the activities and partnerships** of competitors in the industry.
- **Access data** on competitor's financial bids
- **Download** organization profiles **in Excel** for detailed analysis.

Over 420,000 registered organizations

- **54%** Consultancy and engineering firms
- **19%** NGOs
- **19%** Suppliers
